Township Arrears Of Taxes Take Drop Prosecutions Will Follow Rowdyism

Tax Collector McIntosh Reports to Council That Arrears Are \$8,000 Less Than Last Year at The Same Date — Increase Water Rates.

WORK HELD UP

Some Unknown Reason is Cause of Legislators Finishing up Business in One Hour And 20 Minutes — New Water Connections.

Whether it was the heat, lack of contentious subjects to debate, Reeve Durham's gavel pounding or just a desire to get home to harvest the cherry crop, something caused North Grimsby council, in session on last Saturday afternoon, to clear the table of a lot of business and adjourn in one hour and 20 minutes, which is some kind of a record for the rural legislators.

Tax Collector J. G. MacIntosh gave council a heartfelt hope that some day the tax arrears of the municipality will be entirely wiped out. His report shows that tax arrears up to the end of June this year are \$8,540.01 less than they were the same date in 1942.

Tax report is as follows:

Uncollected arrears of taxes, April 30th, '43	\$17,164.24
Penalties added May and June	44.05
	\$17,208.29

Arrears collected in May and June	1,433.55
Total arrears	\$15,774.74

Total arrears this date, 1942	\$24,314.75

Faces Trial On Forgery Charges

It is Claimed That Arthur Cuffe Forged Names of Two North Grimsby Residents to a Note.

Arthur Cuffe, Huttonville, was last week at St. Catharines committed for trial by a higher court by Magistrate J. H. Campbell on a charge of passing a forged document, a note for \$225. An application for bail on Cuffe's behalf was made before Judge J. G. S. Stanbury by D. F. Pepler, counsel for Cuffe.

Fred Wilson, Grantham township, said he had dealings with Cuffe in regard to two sanitation systems the latter had installed. On February 4, this year, he had given Cuffe \$225 for a note payable at \$225 on August 1, this year. The note bore signatures of Mrs. C. Gertrude Metcalfe, and W. M. Palmer, officers of School Section 13 in North Grimsby township.

Cuffe had sold a sanitation system to the school board and had received a cheque for the same initial payment. It was indicated that

Blood Donors Wanted

125 Donations Will be Accepted at The Next Home Clinic in Trinity Hall, on Wednesday, July 28th.

ONE TO FOUR P.M.

Those Who Donated in June Cannot Do So This Time—More Donors Are Badly Needed—Do Your Bit.

Grimsby's second home Blood Clinic will be held on Wednesday, July 28th, and at the present time the committee in charge are short on the required number of donors.

This clinic also will be held in Trinity hall, which will be fitted up as a temporary hospital, and the hours are from one o'clock until four o'clock.

Although Grimsby has a list of nearly 200 donors, men and women, the committee are still looking for more donors, particularly men. The 100 donors that attended the last clinic are out of the picture for this one, when 125 donors will be needed.

Sir Harry Oakes Had Many Friends

Was Honorary Lieut.-Colonel of Lincoln and Welland Regt.—Served at Niagara With Col. W. W. Johnson, And Other Grimsby Men.

The untimely death in Nassau, Bahama Islands, last week of Sir Harry Oakes came as a severe shock to several Grimsby people, who in years gone by had had an intimate connection with him and his family, particularly in military circles.

Deceased from the inception of the Lincoln and Welland Regiment, had been its Honorary Lieut.-Colonel, and had in many ways assisted not only the regiment but the members of it from the lowliest private to the officers.

Colonel W. W. Johnson, Commandant Northern Area, now stationed at North Bay, when queried by The Independent, expressed deepest regret at Sir Harry's demise. Said he, "no finer man ever lived in the Niagara District than Harry Oakes. I and Mrs. Johnson

Young Grimsbyite Goes Travelling

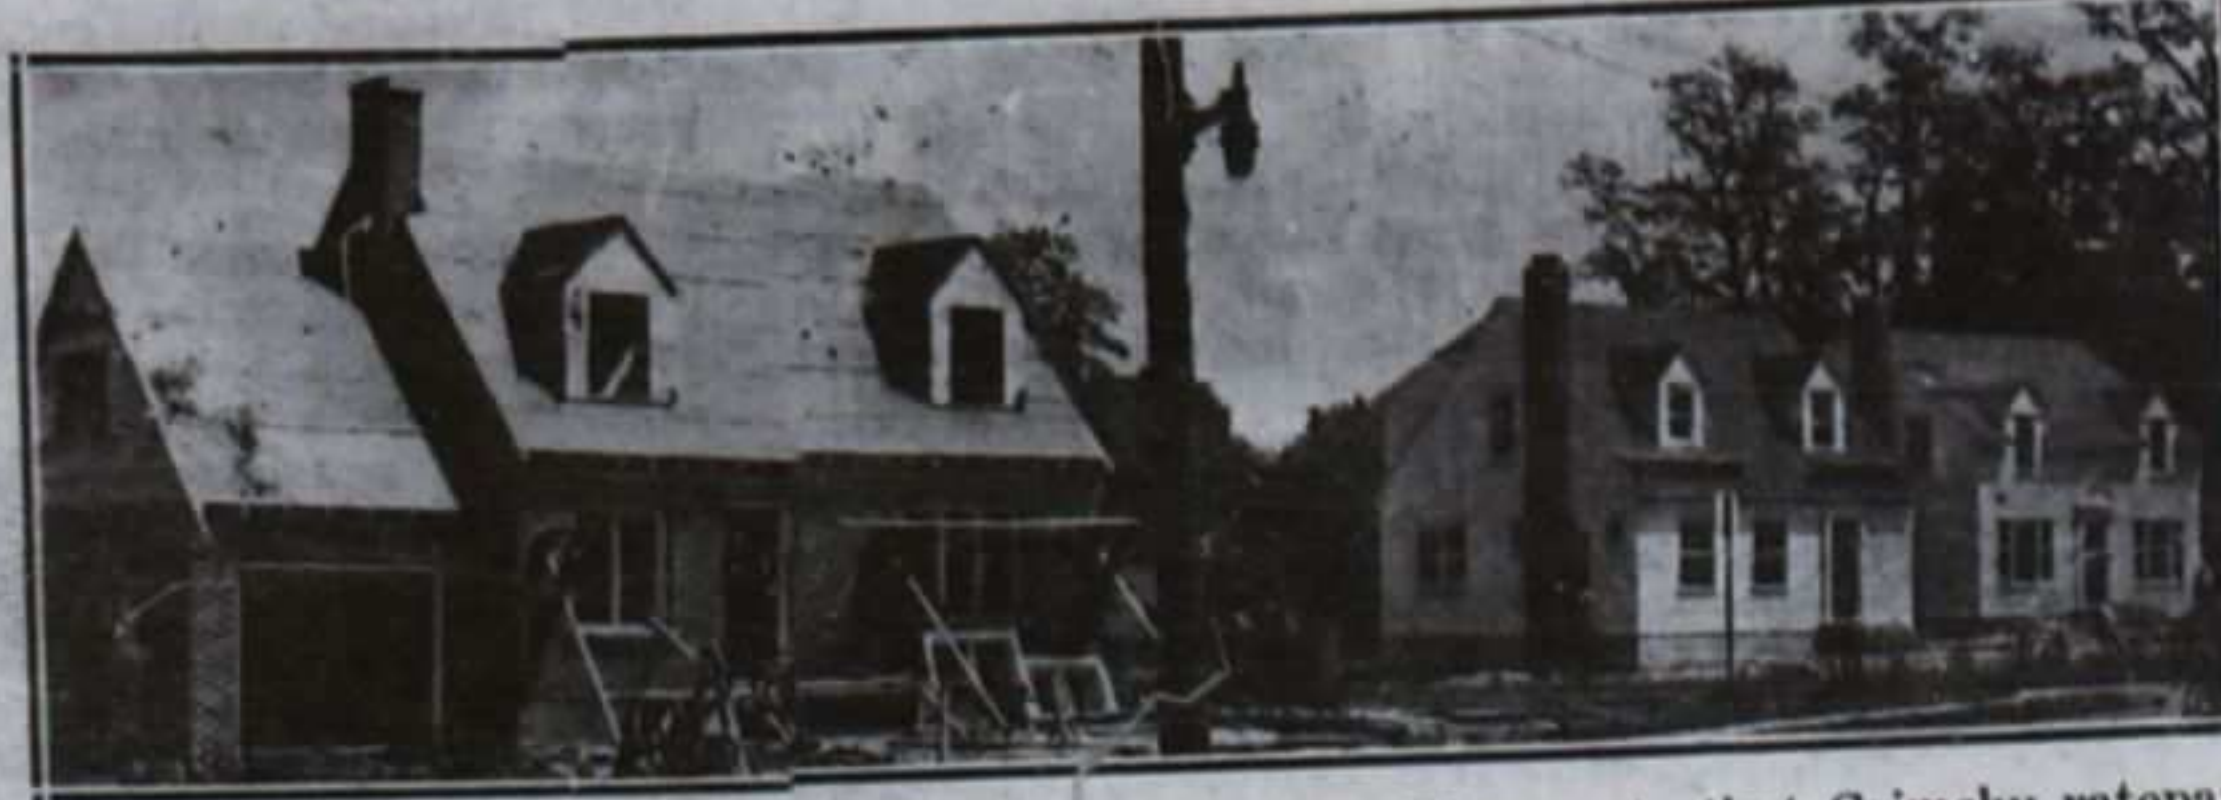

Little Bobby Jones, 10 years Old, Though a Trip to Timmins Would be Nicer Than Picking Cherries.

Little Bobby Jones, the 10-year-old son of L. T. and Mrs. Jones, 27 Robinson St. S. left his home on Monday morning to go picking cherries, but somewhere between home and the cherry orchard he conceived the idea that it would be nicer to pay a visit to his old home at Timmins, away up in the Northland.

Suiting action to the thought he proceeded to carry it out. The first intimation that his parents had that Bobby was on his way north was when they received a telephone call from Provincial Constable Hart.

Constable Hart had just had a communication from the Chief of Police of Newmarket, stating that Bobby was in that town, tired, broke and hungry. He returned to his home on Tuesday none the worse for his experience. One thing is certain though. He must be a good hitch-hiker to travel that distance in such a short space of time, at his tender age.

What A Low Tax Rate Is Doing For Grimsby

Pictured above is an example of what the 29 mill tax rate that Grimsby ratepayers enjoy, is doing for the growth of our town. These three new houses are shown under course of construction, by Shafer Bros., Contractors, on Main street west, at Nelles Boulevard. Reading from left to right, they are the new homes of George West, Robt. C. Bourne and Burton Bentley. Immediately in the rear of the West home is the new house of Harold Gowland. Over on St. Andrew's Avenue three new homes are to be constructed this summer, while another new house is to be erected on Nelles Boulevard. One new home is about completed on Murray street. Two new homes are to be erected on Main street on the Anderson property and the old Anderson home is to be converted into a four-apartment house. Two new homes are nearly completed on Robinson street south. The old Bromley house on Main street east has been turned into four apartments. Plans and specifications are also being prepared by Shafer Bros., Charlie DeLaplante and privately for the erection of more new homes in Grimsby just as soon as it is possible to secure material. And, folks, this has all come about through your low tax rate and the judicious handling of your affairs by Town Council.

MAYOR DALEY, ST. CATHARINES IS CONSERVATIVE CANDIDATE

Elected on The Second Ballot Over Romaine Ross, St. Catharines And Richard Morley, Clinton Township

600 PRESENT

One of The Biggest And Best Conventions Held in Lincoln in Many Years—Four Candidates Nominated.

Charles Daley, five times Mayor of St. Catharines, was chosen Progressive-Conservative candidate for the forthcoming election, in Lincoln, at the convention, held in Community Hall, Beamsville, last night.

Four candidates were nominated. Dr. W. J. Chapman, St. Catharines, twice defeated Conservative candidate; Mayor Daley, Romaine Ross, L.L.M., St. Catharines, and Richard E. Morley, Clinton township, ex-Warden of Lincoln. Dr. Chapman with drew his name from the list and the other three went on the ballot.

On the first ballot Morley was eliminated and on the second ballot Daley received the nomination by a vote of 220 to 179 with two spoiled ballots. 401 delegates voted on the second ballot, in comparison to 260 delegate votes at the Liberal convention last week.

The convention was the biggest over 600 help; present—best and most enthusiastic that the Conservatives have had since the Ferguson regime.

Advocates Early School Opening

T. L. Dymond Vice-Chairman, Board of Education Believes Scarcity of Peaches Will Lessen Need of Pupils on Farms.

Grimsby board of education last Wednesday night confirmed the appointment of two new teachers. Miss Natalie Mossford, B.A., of Watford, to the high school staff at an initial salary of \$1,600, and Cyril Mote, of London, to the public school staff, at \$1,250 a year.

Mr. Mote will replace Ray Moir, whose resignation was accepted last night. Another appointment is still to be made to the high school staff.

CHARLES DALEY

Five times Mayor of St. Catharines, last night chosen as Progressive-Conservative Candidate for Lincoln

New Greenhouse For Cole's Plant

Structure Will be 16 Feet Wide, 150 Feet Long—Concrete Walls Five And One Half Feet High.

New homes are not the only building projects that are keeping local contractors busy these days.

Foundation walls for the new E. D. H factory on Elizabeth street have been finished by Contractor John Stadelmier and he has now moved his gang and equipment to the plant of Cole's Florists on No 8 highway, east of the town.

This firm are constructing a new greenhouse that when finished will be 16 feet wide and 150 feet long. Stadelmier is pouring concrete walls six inches wide, and five and one half feet high, three feet out of the ground.

This new house runs due south from the present older room and when in operation will give Cole's one of the finest and most modern plants in the province.

All Coupons in No. 2 Book, Except Meat Coupons Run Out Sept. 2nd—No. 3 Book Coupons Become Good on Sept. 3rd.

FILL OUT FORM

Present Meat Coupons to be Used Until They Are Finished—Large Staff of Volunteer Workers Will Again be Required.

Another ration book, to be known as Ration Book No. 3, will be issued to the public the latter part of August, was the information handed out this week by Mayor Edric S. Johnson, Chairman of the Local Ration Board.

All of the coupons in the present No. 2 book, with the exception of the Spare "A" coupons being used for meat, run out on September 2nd.

Tea, coffee, sugar and butter coupons in the No. 3 book will commence to be valid on September 3rd. The Spare "A" coupons in No. 2 being used for meat will continue to be used until they are all used up. Coupons for meat in the No. 3 book will not be valid until all the coupons in the No. 2 book have been used.

Archie Haines Liberal Choice

Ex-Member For Lincoln Given Unanimous Nomination—Premier Nixon Chief Speaker.

By a substantial majority, Archie J. Haines, M.L.A. for Lincoln County from 1927 to August, 1941, when he resigned, was Friday night elected as candidate in the August 4 provincial election at the nomination meeting of the Lincoln Liberal Association at Beamsville.

Mr. Haines was the choice of approximately 260 delegates over Walter J. Sheppard, Queenston, prominent fruit grower and ex-county warden. When Acting Secretary A. Craise announced that Mr. Haines had been elected, Mr. Sheppard quickly shook the new candidate's hand, and turned to the assembly of about 500 men and women and stated: "I hope everybody will make this unanimous. I want to congratulate Mr. Haines."

Fred A. Beattie, St. Catharines, association president, was chairman of the 2½ hour meeting, which was addressed by Premier

Filthy And Profane Language on Streets And in Business Places Will Not be Tolerated—Council Taking Firm Stand.

MORE LOTS SOLD

Canada Coach Busses in Future Will go Around The Block to Turn Around—Traffic Congestion Will be Adjusted.

It was more than hot in the Council Chambers on Tuesday night when Town Fathers met a monthly session, and Mayor Johnson showed more consideration for the members, than did the speaker of the Ottawa house recently, by allowing council to transact business in their shirt sleeves.

But if it was hot in the Council Chambers, it is going to be hotter for the bunch of young hooligans, who for the past few weeks, have been making Main street a rowdy's playground at night, and using filthy and obscene language that would not have been heard in the Barbary Coast in the old days.

The question of this rowdyism on Main street has been up before council at previous meetings. Councillor Burne stated that he had conferred with Chief Turner on the matter.

Mayor Johnson stated that so far as he was concerned this rowdyism had to stop. The use of filthy, profane language on the street had to stop, even if the users of it had to languish in jail. He informed council that he had secured legal advice showing just what charges could be laid for rowdyism that took place inside of business places and that charges

Near Fatality At The Beach

Mrs. Gledhill, 70 Year Old Summer Resident Overcome while Bathing—Mountie Probably Saved Her Life.

Overcome while bathing in the lake at the foot of Baker's road Monday afternoon, Mrs. Elizabeth Gledhill, aged about 70 years, of Toronto, was saved from certain drowning by the prompt action of three young boys, who brought her to shore, and Constable George Stuart, R.C.M.P., who applied artificial respiration.

Two of the boys were her 12-year-old twin grandsons, Bruce and Gordon Gledhill, and the other was a young lad vacationing with them at Mrs. Gledhill's summer home just west of Grimsby Beach park. They saw the elderly woman, reported to be a strong swimmer, suddenly sink beneath the water, apparently in difficulty.

She was unconscious and turning blue when they got her to shore. One of the youngsters started to work on her while the others went

Facts And Fancies

Frank Fairborn, Jr.

A GOOD OMEN

Things financial look very much brighter to the members of North Grimsby council and the township residents at large, today, than they did a year ago today. In fact for several years.

You can blame it all on brother James G. MacIntosh, Township Tax Collector. He is the one that brought the Sunshine.

He informed Township council on Saturday last, that tax arrears in the municipality were over \$8,000 less on the 30th day of June this year than they were on the same date in 1942.

This is a good omen for the best township in Ontario. North Grimsby fruit growers and farmers have had a tough struggle the past 13 years, but with the help of their council they are rapidly getting on their feet. Let the good work continue.

OUR HURDY-GURDY ELECTION

As predicted by The Globe and Mail, this paper, and several other feet-on-the-ground publications, the big invasion has started and Nixon and his crew have been caught flat-footed in the midst of the most unnecessary election that the world has ever known.

While politicians stood on the platform in Beamsville on Friday night and made excuses of all kinds and descriptions, and ridiculed any person or person that dare take exception to the holding of an election, our boys—GRIMSBY BOYS—were going into action, in the air, on the land and on the sea, in the invasion of Sicily. The first move in driving His Satanic Majesty, Hitler, back to his real home—HELL.

I have been chastised for stating that Nixon has called this election just because Mr. King wanted to see which way the political weather vanes were pointing. Possibly you can glean a little bit of information from the following paragraph taken from the column, "Between Ourselves" by Elva Dorothy Curry, in The Tweed News:

"Mr. Nixon himself has given his eldest son to the cause of freedom, in this war, and how he can see public monies dropped into the bottomless election well, is inconceivable. But perhaps we shouldn't blame Mr. Nixon too much for this state of affairs in our province. Maybe the blame should be on that active ghost that is playing an unseen but powerful hand."

I myself cannot conceive how Mr. Nixon, with all his years of experience in the Ontario arena, could or would, of his own volition shovel an election on the people so fast and so hurdy-gurdy, that thousands of them will never get a chance to vote.

This election is being held on the 1942 Municipal Voters' Lists. Lists that were compiled and printed during 1942, anywhere from April to November.

Then we have municipalities like Grimsby—dozens of them—where the 1942 lists were prepared and compiled by the assessor during the summer of 1941.

Therefore a person who was not a resident of Grimsby in August, at the latest, 1941, is not on the 1942 Voters' List and has no vote in this election in August, 1943—two years later.

This election has been rushed on so fast that chances of getting a name on the Voters' List have been mighty slim. In fact there have been very few names added to the local list.

Sitting of the Revising Officer in Grimsby was on Tuesday morning. Bills announced by was on Tuesday morning.

ing this fact were only in the hands of the printer on Monday, July 5th. Then posted up. Advertisements were printed in The Independent on Thursday. Now then figure out what chance a person had to get his name on the list, despite the fact that he or she had been a resident of Grimsby anywhere from 30 days to two years.

That Merry-go-Round at the Lion's Carnival last week never had the kids going around in a circle half as much as this election has the people of the Province of Ontario.

FRUIT BY AIR—SOME DAY I'LL LAUGH LAST

There are a lot of people in this district, including men wearing the Air Force blue, who still laugh at The Independent and its so termed "crazy idea" of Grimsby Fruit By Air To All Corners of The Globe.

Unfortunately this paper is not in a position to print, for the information of those people, all the great happenings of the past two weeks insofar as air transportation of freight and express, including perishable goods, is concerned.

One illustrative point. Last week a large plane—loaded—towed a glider plane, containing several tons of freight of all descriptions, across the Atlantic, and Heaven knows where else, a distance of 3,200 miles in 28 hours. Part of this cargo, was vaccine for the Russian Army.

I have no hesitancy in saying that three years after this war is over that Niagara Packers and other big fruit shippers in this district will have agencies on every large fresh fruit market in the world.

Like it or not. They will eat Grimsby peaches and cream in Moscow and in the wilds of India.

PHYSICIANS ENDORSE BLOOD DONORS

Physicians strongly endorse appeals for blood donors. The local committee have gone to great pains to provide a clinic here for the Red Cross, and are listing names of donors for the next clinic on July 28th. The clinic is conducted in such a manner as to assure that no harm will come to the donor.

The procedure is simple. After brief questioning and registration the donor lies on a comfortable hospital bed where he can enter into pleasant conversation with congenial attendants while the simple process of taking blood is carried out. A local anaesthetic is used so that there is little more distress than in giving a hypodermic.

The giving of blood usually results in beneficial effects. While a few donors may be a little weary for the balance of the day, the majority have a feeling of well-being, especially after the first donation when the apparent mystery of blood giving is dispelled. Whereas a normal transfusion in hospitals is approximately one pint, less than this quantity is taken at a blood donation. As one-sixteenth of the body weight is made up of blood, a simple calculation will show that the amount of blood removed is only a small part of the whole.

The fluid removed is replaced within a matter of a few hours. The hemoglobin takes a little longer to return to normal; but it is thought by many that the giving of blood provides a beneficial stimulation to the blood forming organs. There is no evidence to show that the hemoglobin of the blood is permanently reduced so long as blood donations are properly spaced. That the medical profession have no fear of the consequences is shown by the fact that several of them have been donors.

Moreover, the taking of blood has been carried out for centuries as a valuable cure and even yet, not infrequently prescribed by doctors in the treatment of certain illnesses. In many Red Cross blood donor clinics patients often present themselves at the clinic on the advice of the doctor to save themselves the expense of being bled by the doctor. Dried blood serum for our fighting forces is urgently needed, and it is hoped there will be a full quota of blood donors at the clinic on July 28th.

TIMELY WARNING

A suggestion made by the Ottawa Better Business Bureau that Victory Bond holders should be on their guard against irresponsible promoters, deserves a wide hearing.

War Bonds are rapidly becoming the average family's most important savings reservoir, the Bureau observes. Thus, such investments and securities are always prime investments and securities, with their schemes for lures for racketeers, with their promises for persuading people to cash in their bonds and turn the money over to them on irresponsible promises of getting rich quick.

One thing is certain, the Bureau advises—these propositions will sound good. They

here to seem plausible to get our money. Some may appear to be an opportunity for one to make a good profit. But, unfortunately, into too many deals, the promoter is the only one to profit.

Say the Bureau. "If you are urged to cash in our bonds for 'investment' in an unknown proposition, WATCH OUT! Carefully investigate the offer, for these good reasons:

- "1.—It may be a racket;
- "2.—It is real patriotism to keep the War Bonds you buy;
- "3.—These bonds are one of the best investments you can make."

DUMB BUT SENSIBLE

There is published in Boston, Mass. a small magazine printed once a month by the Massachusetts Society For the Prevention of Cruelty to Dumb Animals.

In the odd forty years this publication has been coming to the desk of the Editor of The Independent, it has carried many a message, but none so potent as the picture that appears on the front cover of the July issue.

The scene depicts a small wayside station on the electrified New York, New Haven and Hartford railway system. In the distance is the rear end of a troop train disappearing into the night. On the platform of the station, all by himself, sits a ragged-haired little dog, gazing wistfully after the fast disappearing train.

The caption beneath the picture reads: "The Greatest Guy in The World Was Abroad That Draft Train."

In these days of war and stress, I sometimes think, that our Dumb Animals have more sense of the real things in life, than our politicians.

And then there was the precocious child who, when asked by his Sunday School teacher what a lie was, gave the following answer. "A lie is an abomination to the Lord, and an ever-present help in time of trouble!"

HOW NOT TO WRITE A LETTER

Remember the old letter-writing books one used to run across? The ones which gave stilted phrases to cover any imaginable contretemps from a letter to the President to a proposal of marriage. Their impeccable, if wordy, diction was something that the aspiring job-seeker or the bashful swain might have found useful, but as letters,—as a message to a loved one, they had as much personality and life as the quarterly report of an insurance company.

Letter-writing is not an art, and the more "arty" it becomes the less readable it is. To write an interesting letter to a soldier or a sailor the first thing to do is to forget about such things as grammar or the correct formal etiquette of letter-writing.

Write your letter just as if the recipient was sitting across the table and you were conversing with him. Remember that the trivial things are apt to be most interesting. Read your weekly, home-town newspaper and see what the editor features, to get a line on what is interesting subject matter. Mention the little things—the everyday scenes and occurrences that are so obvious and usual that you don't really think he will be interested.... Don't worry, he will! For a homesick boy overseas, every new springing blade of grass on his own street is a matter of poignant interest.

Tell him all the gossip you can think of... who married whom, and who didn't. Tell him about Mrs. Blank's explosion of aristocratic rage when her new bonnet blew off outside the church on Easter Sunday.

Tell him anything you can think of, and face to face. Only then will your real personality shine out between the lines. Anyone can write a correct letter—but only you can write as you talk.

KEEP 'EM HAPPY — BY MAIL!

People like to buy goods of stores that have the reputation of keeping the best stocks and offering the best bargains. Stores get that reputation largely by their advertising.

The LINE PATROL keeps Ontario's Power Flowing

● Maintenance of Hydro transmission lines presents a constant challenge to the men whose job it is to keep Ontario's power flowing. For, in war or peace, the factory, the farm, and the home, depend upon an unfailing supply of electricity.

● During the winter, when deep snow blankets the province, line patrol and maintenance is particularly tough. In the north... when, at many times of the year, roads are impossible... line patrols of men and dogs, fight their way through the drifts... battling blizzard, ice and frost. In summer too, the patrol must continue. Where economically possible this is done by car or truck, but in many remote places it must be carried out on foot or by canoe. In fair weather or foul, the year around, Ontario looks to Hydro for power... and Hydro men see that they get it.

● From one end of the province to the other... from the great lakes to the wilderness of the far North... Hydro patrol men and crews of skilled linemen are on the alert, day and night, ready to meet the onslaughts of nature in the raw... ready to combat the havoc wrought by any storm. And... when disaster strikes... they stay on the job until the power is flowing again, so that Ontario's war-related industries can keep running full-tilt, producing on round-the-clock schedules.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

THE THIRD PAGE

IN WHICH THE WOMAN-NEXT-DOOR LOOKS AT US, AT OUR TOWN, AND OCCASIONALLY AT THE WORLD

To a Bride I Know

She does not ask for paintings rare,
For priceless jewels or velvet on a marble stair,
But just a home made of simple things—
A small white house, a bird that sings.
A window to the west,
When the evening sun is sinking low,
Beneath a rugged crest.

A singing kettle on a fire at night,
The gentle gleam of candle light,
A little garden bright and gay,
To wander in at close of day,
A wicket gate that is opened wide,
For friends who chance to pass
That way at eventide.
The swaying grace of friendly trees,
A home that is made of things like these.

—Ethel Reagan.

Observations Of A Shopper

Shopping early in the morning has caught on beyond our wildest hopes! By 8:30 every morning except Monday the crowds begin to gather, and 11:00 the stores are filled with a seething mass of shoppers. There is a brief lull from shortly after 12:00 until 2:00 when business begins to pick up again, reaching full fury at 5:00 p.m. The pleasant and humorous patience of the hard-working clerks is angelic, nothing less. We don't see how they keep it up.

Saving precious meat coupons is the big problem on the minds of most of the customers, and there is a great demand for couponless liver, meat loaves, wieners, bologna, etc. By the way, bologna makes a very good substitute for bacon when heated to sizzling point in a well-greased pan. On the whole, customers are good-natured about changing their minds and habits from sirloin to brisket, and smilingly pinch hit with rice or macaroni when told, "No, we have no potatoes to-day!"

In the buzz some few, we regret to say, fail to wait their turn. They take advantage of any opening in the line to force their way up to the counter, shoving their purchases and their money under the nose of the nearest clerk with the gall of a well-trained gangster. Perhaps these pushful ones haven't lived among us very long. When they get to know our ways better they will find it to the advantage of everyone concerned to fall in line.

Did you know that the lowly wiener takes its name from that city of romance, Vienna, just as bologna was called after the Italian city of Bologna?—(In another week the Bologna will be Chop Suey—Ed.)

Sunday Garden Frock

The women in our immediate neighbourhood have a time-honoured custom of dropping in once or twice a week at Miss Mallow's. We talk over, as one of the group said, our "naughts and crosses," as well as local and world affairs in general. The strategies of war occupy our conversation but little, though each one of us has one or more near relatives in the services. It isn't that we're not interested, but we feel quite safe in leaving the war in the hands of G.H.Q.

Last Saturday evening as we conversed on Miss Mallow's porch, we found her sitting there in a roomy rocker with her sewing, wearing an ankle length, stiffly starched voluminous white apron. It was finished at the hem with a six-inch border of crochet. Above the border were several rows of fine tucks, a strip of matching crochet insertion, then more tucks. Wide ties with crocheted ends completed the ensemble. Speechless with admiration and curiosity we looked at her for an explanation.

"It belonged to Great-Aunt Lucy," Miss Mallow explained, "and was her Sunday best afternoon apron. I was turning out a box in the attic to find something for the White Elephant and came across this apron. What did I find for the White Elephant? A big roll of Bat-tenberg dories, centre pieces, tray cloths and runners. I'm going to lay them out on the dining room floor next rainy day and see if they can't be put together to make a bedspread. They'll all have to be tacked down, of course, on a background. I thought of yellow, and have enough bleached sugar sacks that only need to be dyed."

As she told us about it, Miss Mallow was putting the finishing touches on a pink-flowered print dress which she explained was to be her Sunday garden frock. She had been feeling a bit bleak and washed-up in the morning, she said, and knowing that something new to wear was a sure cure, dropped everything and dashed down town. The pink print was the result. By 10 o'clock the dress was cut out, basted and

fitted. In the afternoon it was finished, all but the buttons and button-holes, and these she was working on now. We can see her wearing that delicious pink frock as she takes her early Sunday morning walk among her roses and delphiniums, in company with, it is more than likely, one or more of her nieces or nephews or nieces home on leave.

The Canning Situation

Getting down to brass tacks, it is our personal experience that some fruits may be canned quite successfully without sugar. We've had very good luck with peaches, apples, some varieties of plums, and elderberries. Tomatoes don't require sugar. Just remember to sterilize five minutes longer when no sugar is used.

Here are a few pointers picked up from the latest Government bulletin. Don't be afraid of the black wartime rubber rings. They will make a perfect seal if dipped in boiling water. They mustn't be left in the water, however, as the rubber will deteriorate. The rings must never be pulled out to test the elasticity, as they won't go back to the original shape. Neither should they be used a second time. Once a jar is cold, don't try to turn the screw top further on as this breaks the seal and will cause spoilage.

The more canning we accomplish without sugar, the more sugar we'll have left for a few glasses of delectable red currant, crab apple, quince and grape jelly.

Consumer Section, Dominion Department of Agriculture, Ottawa, will be glad to send their free bulletin on Wartime Canning, No. 751, if you feel you would like some authentic information.

Don't Nag

There's no need for us to get into a dither over the canning sugar situation, girls. There isn't any more sugar; that's all this is. Let's mix a little "grit" with the sugar we have and maybe we'll find it will go a lot farther. The Government isn't holding back sugar on us just to be nasty. It's a matter of dire necessity.

It's quite true that we were misled in the beginning by high pressure magazine and newspaper articles raving at us to "do more canning or starve!" Working on our patriotic and jam-making emotions they roused us to a fever pitch of enthusiasm from which we were suddenly plunged, when the canning sugar ration cards were actually issued, into an icy-cold bath of thin, ten pounds per person syrup.

Here is one way in which women can back up the Government in its big job of giving each one of some eleven million people a fair deal: Be grateful for our ten pounds of sugar, and DON'T NAG! How many seamen might have died bringing you and me our ten pounds of sugar? Let us remember when the next complaint is on our lips that raw sugar, tea and coffee are brought to us along sea lanes that bristle with death.

By the grace of God and a steady old Government we still lead pretty soft lives here in Canada.

SUNDAY, JULY 18th, 1943

God Encourages Moses

Exodus 3:13-16; 4:10-17

GOLDEN TEXT

Certainly I will be with thee—Exodus 3:12.

An Introduction to the Lesson

God never asks of us any service for which He will not give needed grace and wisdom, that we may fulfill the mission in accordance with His will. This was what Moses at first failed to realize and caused him to say, "O Lord, I am not eloquent, but am slow of speech and of a slow tongue." But he had to learn that his resource was in God, not in any knowledge or power of his own. God only desires that there be submission to His will, a readiness to co-operate with Him in His plans. God will be responsible for all else. All that is needed is a surrendered will and God will do the rest. We read that some of the earlier critics of the nineteenth century ridiculed the idea of so vast a civilization as that of which the first part of the book of Exodus tells, but recent discoveries by archaeologists have corroborated the Bible record in a remarkable way, so we may be assured that we are dealing here with historical facts.

The Heart of The Lesson

Moses shrank from what he thought of as a superhuman undertaking for which he felt he was entirely unfitted by natural gifts but he was to rely on the eternal God, against whom all Pharaoh's boasted power would prove as nothing. Once this lesson was learned, Moses became irresistible in carrying out God's plans. It is all important that, while we recognize our own weakness and lack of ability to do anything for God in our own wisdom or power, we learn to count on His omnipotence for He promises "Certainly I will be with thee."

Application

Think of some of the insignificant things God has employed in His service—a shepherd's rod, a ram's horn, the jawbone of an ass, a smooth stone out of the brook, an earthen pitcher, a few loaves and fishes! The weakest instrument becomes powerful when it is in the hand of God to use as He wills. Have we thus yielded our lives to Him for His service?

Instead of playing politics many a man works at it.

How Famous Hotel Chefs Meet "Meatless Tuesday" Challenge

MEATLESS Tuesdays and rationing generally form challenge and inspiration to all cooks. That challenge has been accepted by the kitchen experts of the Canadian National Railways Hotels, who face exactly the same problems as those of Mrs. Householder; they must exercise intelligent imagination to provide savoury substitutes. Chefs in Canadian National Railways Hotels—there are eight of them in as many cities of the Dominion—issue Tuesday menus which offer pleasant gastronomic adventure to mealtime guests.

Here are selections taken from a big list of meatless dishes now being served in National System Hotels. They have been prepared by men of international reputation yet each item presented can be prepared economically in any kitchenette with modest resources.

FRIED CHEESE SANDWICH

The first dish comes from Edward Albert Gebistorf, Chef at the Macdonald in Edmonton, a hotel with a sterling reputation in that busy city, and throughout the West generally, for the excellence of its dining room services. During the Royal Tour in 1939, Their Majesties, King George and Queen Elizabeth, were guests at an official dinner at the Macdonald and those present on that occasion commended the menu as being entirely choice and appropriate. Here is Chef Gebistorf's suggestion for a delicious supper dish:

Make a well buttered cheese sandwich with a slice of Canadian cheese, 1/4 inch thick between. Break two eggs, beat well, with a tablespoon of cream and a speck of salt. Soak sandwich in mixture on both sides and fry in butter to a golden brown. Then finish in the oven for five minutes to be sure that the cheese is positively melted. Serve very hot. It is possible to do without butter on the sandwich bread.

MEATLESS MACARONI SHEPHERD'S PIE

This suggestion came from Nickolas Lacosta, Chef at the Nova Scotia Hotel, Halifax. He also suggested some excellent fish recipes but the Shepherd's Pie, a favorite in many Canadian homes, was selected as a novel variant of an old friend. As given below it will make six servings.

2 cups small cut macaroni 1 onion
2 green peppers 2 cups milk
2 cups grated cheese 2 eggs
Method: Boil macaroni in salted water (not too well cooked). Dice the green peppers and onions, braise in butter or other fat. Mix cooked macaroni, cheese, eggs and milk together. Salt and pepper to taste. Pour in a small greased deep pan; bake in medium hot oven 25 to 30 minutes. Serve hot.

GNOCCHI NEW ORLEANS

Before war imposed travel restrictions as well as rationing, Canadians who found themselves at Soho in London, Greenwich Village in New

Chef Lacosta of the Nova Scotia Hotel shows Mr. W. Stanley Lee, Prices and Supply Representative of the Wartime Prices and Trade Board how to make meatless shepherd's pie.

York, or the neighborhood of Fisherman's Wharf in San Francisco, spoke with delight of the gnocchi discovered in restaurants where good food was obtainable at moderate prices. It is a real novelty yet William Schmidt, Chef at the Canadian National Prince Arthur Hotel at Port Arthur, gives assurance that it is well within the capabilities of every housewife and the resources of all good kitchens. Chef Schmidt adds mushrooms, but says that when market considerations and price make them scarce and expensive they can be left out. The recipe provides four to six servings:

3/4 cup milk
2 whole eggs
2 cups flour
1 pinch salt

1 cup diced onions
1 cup diced celery
1/2 cup diced green peppers
1/2 cup diced red peppers
1/2 cup sliced mushrooms (optional)
2 cups thick sliced tomatoes
Salt and Cayenne pepper
Method: A—Whip all items into a thick paste and drop into slightly salted boiling water through large piping bag, poaching gently. Drain off and fry with a little butter and grated cheese.

B—Fry onions, celery, green pepper and mushrooms till tender. Add tomato pulp and cook well, adding red peppers last—providing these are canned. If fresh, of course, cook them with the other ingredients. Salt and cayenne pepper to make a rich hot flavor.

Put (A) Gnocchi in buttered bowl and cover with hot tomato sauce (B) Sprinkle with grated cheese and bake.

I KNOW A THING OR TWO ABOUT GOOD BREAD!

I KNOW A THING OR TWO ABOUT GOOD YEAST!

Clever women bake with ROYAL YEAST—Makes loaves tender, even-textured, delicious

MADE IN CANADA

IF BUS TRAVEL WERE RATIONED WHO DO YOU THINK SHOULD STAY HOME?

PUT YOUR TRAVELLING on a 5 DAY WEEK MON. to FRI. 9 AM. to 4 PM.

If everybody would co-operate, nobody need be left home. This is especially true of shoppers and other non-essential travellers. Wartime conditions demand that they be home by 4 p.m. to avoid peak hours. . . . otherwise they may be left until 7 p.m. And please avoid week ends. This is one way you can help the war effort. Please co-operate.

21 Days of Planned Meals!

Now you can be sure your family gets good nutrition. Follow the 63 varied menus in this Free booklet.

Here's the book you have been waiting for . . . the practical way to good nutrition. No need to be a student of dietetics! You simply follow the menus planned for you, confident that you are serving meals as healthful as they are appealing.

This is an important part of your war effort! For proper food is vital to health, and therefore to all-out production. Yet Government surveys show that 60 per cent of Canadians fall short of good nutrition, even though seemingly well-fed.

So learn the way to meals that are as healthful as they are appetizing! Send for your copy of "Eat-to-Work-to-Win" now!

Sponsored by THE BREWING INDUSTRY (ONTARIO) in the interests of nutrition and health as an aid to Victory.

SOCIAL AND PERSONAL

Miss Mary Phipps, Hamilton spent the weekend in town.

Stanley and Mrs. Norton, Hamilton spent the weekend with relatives in town.

Norman and Mrs. Godden, Detroit, Mich. were visitors in town over the weekend.

Corp. Bert Norton, R. C. A. F. Hagersville, spent the weekend with his parents Arthur and Mrs. Norton, Ontario street.

W. W. and Mrs. Turner and Mrs. Joseph Rummery attended the Filce-Fretz wedding in St. Catharines on Wednesday last.

Pat Conway, a member of Hamilton Fire Department, was a visitor to town this week. Pat went overseas from Grimsby, in 1916, with "B" Co. 98th Batt.

Professor V. W. and Mrs. Jackson, Main West, left last week for Chautauqua, N.Y., where Mr. Jackson is on the staff of the summer collegiate courses, held there annually.

L.A.C. Jack Wilcox, R.C.A.F., son of Robert and Mrs. Wilcox, Park Road, Grimsby Beach, has arrived safely in England, according to a cable received by his parents, last week.

Lieut. Molly Lucas and Lieut. Katherine Beaton, who have been spending their furlough with Major and Mrs. H. F. Baker, have returned to their duties at an eastern coastal camp.

It is Human to Err. Two weeks ago The Independent did err when it stated that Miss Mary Bishop had enlisted with the Women's Division of the R.C.A.F. Miss Bishop is instead a member of the C.W.A.C.

Flight-Sgt. Allan Home, R.C.A.F., former well known Grimsby boy, who was reported as missing on May 15th, is now listed as killed in action, according to official word received last week by his wife in Kirkland Lake.

L.A.C. and Mrs. Ralph Reid, of Aymer camp, spent the weekend with Village Clerk Harry N. "Pud" and Mrs. Reid, Beamsville. Young "Pud" also looked up old friends in Grimsby. He will be remembered as one of the Peach Bud crack juvenile and Junior players.

Chester and Mrs. Gibson, Hamilton are spending their holidays with Mrs. H. K. Griffith, Grimsby Beach. Ches. is the manager of the Locke street branch of The Canadian Bank of Commerce and an old Grimsby boy who before the last war helped to put Grimsby Peach Kings on the hockey map.

Mr. Cannem, Navy League of Canada, Toronto, was a visitor to Grimsby on Monday.

Miss Marguerite Farrell, Galt, spent the weekend with her parents, C. T. and Mrs. Farrell, Mount St. S. last week.

Mrs. Jack Curry, Niagara Falls, Ont., was a visitor at the home of George and Mrs. Dousset, Robinson St. S. last week.

Miss Fern Smith, has severed her connection with the A. & P. store and accepted a position with the Canadian Bank of Commerce.

Radio Technician Lorne Wilcox, R.C.A.F., son of George and Mrs. Wilcox, Park Road, Grimsby Beach, has been transferred to a camp in Texas for further training.

Dr. Charles Burke, Dean of Arts, McMaster University, and Mrs. Burke, were recent visitors at the home of the Misses Cline, Grimsby Beach.

Col. W. W. Johnson spent the weekend with his family, and returned to his Command at North Bay, on Sunday night after being in temporary Command of Niagara Area for the past four weeks.

Beamsville Lions Club on Monday night, held their annual Ladies' Night and installation of officers in the spacious dining room of The Village Inn and partook of one of the Inn's delicious banquet set-ups.

Sgt. Elvin Todd spent a few days of his furlough at the home of his grandparents, Mr. and Mrs. G. W. Crittenden, Grimsby Beach. He recently graduated at Mount Joli, Quebec and received his air-gunner wing.

The marriage took place, on Saturday evening, July 19, at nine o'clock, in the Vestry of First United Church, Hamilton, by Rev. Melvin Atkin, of Miss Fay L. Bamber, Grimsby, to George A. Kuhse, of Waterloo.

Charles Garlett, of Beamsville, well known throughout the district as Reeve of Beamsville for years, ex-Warden of the county and for a number of years a valued member of the Highway Department staff, looked up old friends in town on Saturday. Charlie says he still has a Tory kick left in his body.

The wedding of Nancy Wilder, elder daughter of Mr. and Mrs. S. W. Scammell, 37 St. Andrew's Ave., Grimsby, and Sgt. Paul V. Whitford, of the U.S. Army Air Corps, son of Mr. and Mrs. James Whitford, Carthage, N.Y., took place Wednesday, June 30, in Trinity Church, Watertown, N.Y., the Rev. Walter C. Middleton officiating.

Ft.-Sgt. Delbert Moore, nephew of Mrs. A. V. Catton, Livingston Avenue, was awarded the George Medal on Monday, according to cable advice received by his parents. The award was in recognition of bravery shown when he rescued a trapped mid-upper gunner from a flaming bomber which crashed in landing. Moot, whose parents, Mr. and Mrs. Charles Moore, live in Durham, Ontario, suffered bad burns but is well on the way to recovery after hospital treatment.

Miss Florence VanDyke is spending a week with friends in Burlington.

Mrs. Chas. Caldwell, of Dundas, is in town this week visiting relatives and friends.

Miss Helen Sinasac, Windsor, is the guest of the Misses Violet and Ethel Softley, Depot street.

Miss Mary Newton, Librarian, Toronto University, is visiting Miss Eva Harvey, Karney Hill.

Buster McBride, of Toronto, was a weekend visitor with his parents, Mr. and Mrs. Gordon McBride.

Tpr. John Tufford, Camp Borden, spent last weekend with his wife and family, Paton street.

Dr. Harold G. Brownlee is on a three week's vacation. He will return the first week in August.

Mrs. Carl Ettinger, and daughters Bell and Judith, are guests of Miss Eva Harvey, at Karney Hill.

Howard Harvey, New Liskeard, spent the weekend with his father, Mr. Robert Harvey, Maple Avenue.

Mr. and Mrs. Roy Norton and Marilyn, of Hamilton, spent Sunday with Mr. and Mrs. E. J. Norton, Kidd Avenue.

Corp. Stanley Walters, R.C.A.F., is home from Moncton, N.B., on a visit to his parents Mr. and Mrs. J. C. Walters, Grimsby Beach.

Mrs. Andrew Smith has just received a cable from her son, L.A.C. Wallace Smith, saying that he has arrived safely at a British port.

Mrs. Thos. Smith, and Miss Nancy Ryder both of Toronto, were visitors lately at the home of the Misses Cline, Grimsby Beach.

Mrs. Reginald Nelles, Lancaster, N.Y., has returned to her home after spending two weeks with Mr. and Mrs. J. W. Unwin, Main East.

Misses Mary Jolley and Frieda McKenzie, of Toronto, were visitors at the home of Mr. and Mrs. C. J. Emm, Elizabeth St., last week.

Andrew Hermiston, St. Andrew's Avenue, has returned home from a pleasant five weeks' visit to Ottawa and other points in Eastern Ontario.

Mr. and Mrs. Ted Hyland and Ronnie, of St. Catharines were Sunday visitors at the home of Mr. and Mrs. Gordon McBride, Adelaide street.

Friends of Miss Peggy O'Neil, Grimsby Hotel, will be sorry to learn that she has been confined to her room through illness for the past two weeks.

Sgt. Pilot Jas. Gibbons, R.A.F., of Ayr, Scotland, and Sgt. Pilot "Tubby" Turner, R.A.F., of London, England, were Sunday visitors at the home of Mrs. A. Stevenson, Oak street. Both pilots are instructors at Mount Hope. While stationed on Vancouver Island Sgt. Pilot Gibbons assisted with the making of the picture, "Commandos Strike at Dawn."

L.A.C. Adam Murphy of Mount Hope, was the guest, over the weekend, of Mr. and Mrs. R. O. Smith.

Mr. Arnold Exley and L.A.C. Arnold Brown, Mount Hope, were weekend guests of Mr. and Mrs. James W. Baker, Main East.

Mrs. David Cloughley and Mrs. Andrew Stevenson were representatives from Alexina Rebekah Lodge who attended a meeting of representatives from District No. 15, held in Hamilton on Monday, July 12th.

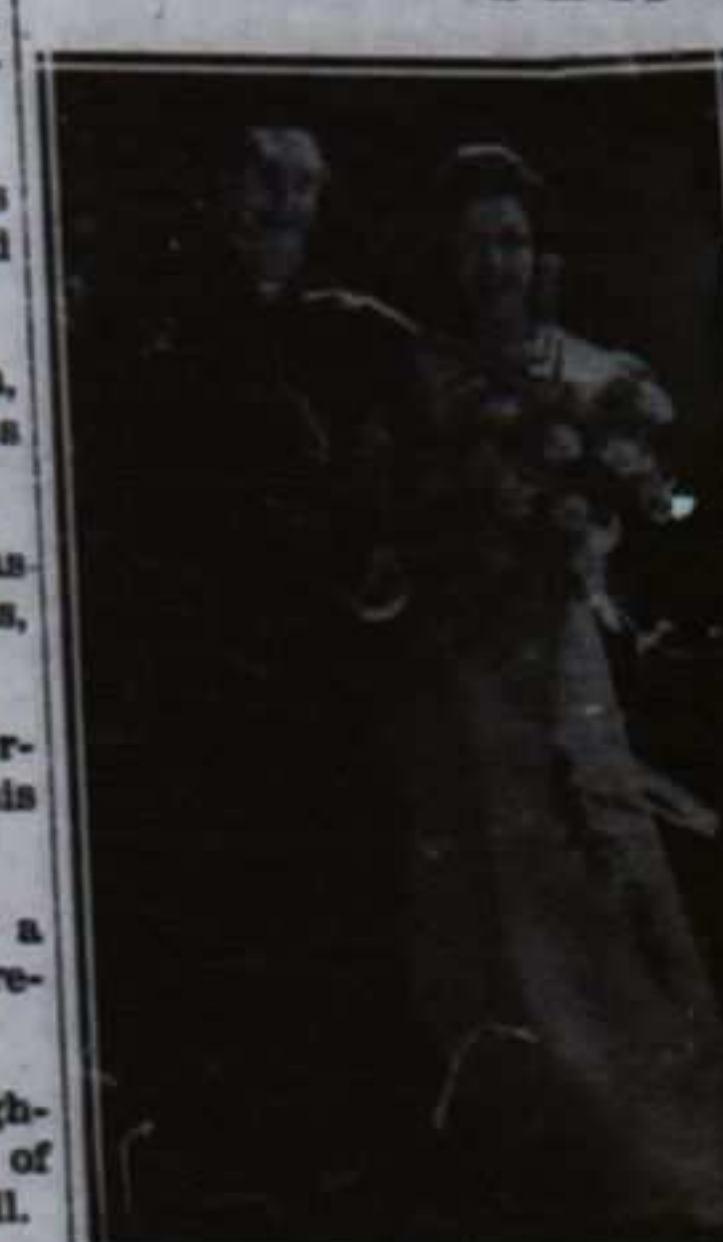

Miss Harriet Sturt of Beamsville was installed as District Deputy President for the ensuing year. Arrangements were made for a Past Grand's picnic to be held in Dundurn Park, Hamilton, on July 28th.

Conservation Hints

Delicately colored muslins can be washed satisfactorily by making a thick cornmeal mush, well salted. Use instead of soap, and rinse in one or two waters. The muslin will not need any starching.

Cellophane may be used to cover books, especially the cook book. When baking and the cook book is open, cover the page with cellophane, to protect it from flour, etc.

Grimsby Soldier And His Brie

Four bridesmaids were in attendance on Tuesday, May four, at Preston Old Church for the wedding of Miss Peggy Sherma, daughter of Mr. and Arthur Sherman, Yardlet street, Brighton, Eng., to Corp. William Rooker, R.C.A.F., eldest son of Edward and Mrs. Rooker, Ontario street, Grimsby, Ontario.

The bride is well known in Brighton. A former teacher of dancing, she is now a telephonist in the N.F.S., while the bridegroom before proceeding overseas in 1939 was a member of the Grimsby Peach Buds Junior "C" O.H.A. Championship hockey team, and for the past two winters has been a member of the Championship hockey team of the armed services in the British Isles.

Rev. R. M. Raper officiated at the service, which was choral.

The bride was given away by her father. She wore a white figured satin gown and a full net veil with a head-dress of orange blossom. She carried a shower bouquet of pink carnations. Her only ornament was a gold cross, a gift from her brother.

The four bridesmaids were dressed in taffeta, two in blue and two in rose pink, the youngest, little Antoinette Dyer, acting as train-bearer. The others were Miss Rita Leach (friend) and the Misses Valerie Ashdown and Eileen Bartlett (cousins).

The duties of best man were carried out by Mr. Richard Sherman, uncle of the bride.

Form Sugar Protest Committee

Men And Women Organizations at Victoria, B.C. Pass Lengthy Resolution to Forward Throughout Canada.

Out in Victoria, B.C. leading women of the many Women's organizations on Vancouver Island in co-operation with the guiding spirits of the numerous men's associations and societies, have banded together and formed what is known as the Sugar Protest Committee.

This committee has held several meetings and at the last one a very lengthy resolution was passed and forwarded to the Sugar Administrator.

This resolution has also been printed in great numbers and is being mailed to men and women organizations all over Canada. It is accompanied by a petition form which the public will be asked to sign.

Obituary

ARCHIBALD TWEEDIE

A lifelong resident of Vinemount, Archibald Tweedie died there Monday at his home in his 89th year. A native of the district he had farmed there all his life. He will be sadly missed by his wife, Lydia Nelson Tweedie; two sons, Ira, Vinemount, and Ila, Hamilton; three daughters, Mrs. Edgar Alt-house, Vineland; Mrs. J. E. Payne and Miss Elta Tweedie, Winona; two brothers, Edward and William Vinemount.

ALLEZ-HAWES

A quite wedding was held on Monday afternoon, July 12th, when Hyla, daughter of Mr. and Mrs. John Hawes, became the bride of Pte. John H. Allez, who is at present stationed at Mount Hope. The marriage took place at Trinity United Manse, Rev. W. J. Watt conducting the ceremony.

The bride was gown in white silk jersey, with matching accessories, and wore a corsage of roses in deep rose shade and baby's breath. She was attended by Miss Joyce Shelton, wearing pale blue gabardine with white accessories, and corsage of pale pink roses. The groomsmen were Wilfred M. Lawson, uncle of the groom.

Following the ceremony the wedding party motored to Hamilton where a dinner was given at the Royal Connaught in honour of the bride and groom. Later in the evening the young couple left for Muskoka, and on their return will make their home in Grimsby.

MITCHELL-GRIGG

In the presence of the immediate friends of the contracting parties, the marriage was quietly solemnized on Saturday afternoon, July 10th, of Elsie Mary Grigg, daughter of Mr. and Mrs. Thomas Briggs, to James Mitchell, of Toronto. The ceremony was held at the home of the bride's parents, 4 Robinson street south, Rev. Neil M. Leckie officiating.

The bride wore a street length frock of turquoise sheer, trimmed with blue lace. Her gold and platinum wrist watch was the gift of the groom.

The attendants were Mr. and Mrs. Harley Kinney, of St. Ann's, cousins of the bride, Mrs. Kinney wearing an attractive gown of dusky rose crepe.

Following the ceremony the happy couple left for a holiday in Muskoka, and upon their return will make their home in Toronto.

On the previous Thursday Mrs. Mitchell received a summons to appear at the C.N.R. offices in Toronto, where the groom has been employed for the past twenty years. Amid such merriment and with many complimentary speeches testifying to the high regard in which Mr. Mitchell is held, the couple were presented by the staff with a complete set of pyrex kitchen ware, together with a substantial cash gift.

At a party given in her honour in the garden of Mrs. C. H. Walker's home, last week, by the choir of Grimsby Baptist Church, Mrs. Mitchell was made the recipient of a handsome carved wood serving tray. Mrs. Mitchell has been a

member of the choir for thirty years.

To mark the departure of a valued member a gift of dainty china was received from the Young Women's Circle, another of the church's organization's to which the bride has given devoted service.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Monday, August 2nd will be Civic Holiday in Grimsby.

David H. Depew, for 40 years, Superintendent of Roads for Saltfleet township, has resigned.

A price of nine cents a pound for sour cherries, for processing, has been submitted to W. P. T. B. by the growers.

Mrs. Bert Simms, North Grimsby, received a letter from her brother, Corp. Alfred Konkle, R.C.-O.C. overseas on Monday, wherein he stated that strawberries were two shillings a pound and peaches five shillings a piece.

Debentures to the value of \$40,000, have been sold by St. Catharines council for \$41,146, or a premium of \$1,054, which reduces the interest charge to about two and one-half per cent. They were offered at three per cent.

There were 88 property transfers in St. Catharines during the month of June, according to the City Assessment Department. Of the total 78 were for a consideration of \$182,745 while the remaining 10 were family transactions at \$1 each.

Terrance McQuire, a drifter from Toronto, got a few drinks under his belt on Friday afternoon last, became disorderly in a public place and ran afoul of Chief W. W. Turner. In Magistrate Campbell's court on Monday morning he got 10 days.

Under a new arrangement, it has been announced, buses that formerly turned around in Grimsby by backing around corners will hereafter make a loop around a block. This arrangement was made as an aftermath of the recent accident in which Dr. Donald Clark lost his life when struck by a backing coach.

Farmerettes of the camp at Nixon Hall, Grimsby, won the sports' day in which more than 150 Farm Service Force girls participated on the grounds of Rittenhouse School, Vineland, Saturday afternoon. Nixon Hall ran up 25 points; Vineland camp 19, and Beamsville camp and private camps, combined, 12 points.

Port Colborne Board of Education, by unanimous vote on Monday, went on record in favouring a motion which decreed that under no circumstances would the board ask for deferment of any employee from military service. This decision was reached following requests made at intervals by members of the teaching staff subject to military call.

Charged by Provincial Constable A. E. Reilly with leaving the scene of an accident, Robert Allen, St. Catharines, appeared in county court Friday and was fined \$25 and costs, a total of \$33. His operator's permit was suspended for 15 days. Allen's car, police charged, was involved in an accident with one driven by Nicholas Sevil, of Vineland, a week ago last Saturday night.

Orion Morningstar, 17, son of Mr. and Mrs. Raymond Morningstar, 15 Coventry street, St. Catharines, was drowned about two o'clock Friday afternoon when he slipped off a ledge crossing lock 12 of the old Welland canal. He could not swim. Deceased was born in Grimsby, but moved with his family to Merritt at an early age. Mrs. Arnold Lampman, John street, is a sister.

Corp. Robert J. McClelland, son of Mr. and Mrs. John McClelland, Grimsby Beach, has completed his training and been graduated from the school of Chanute Field (Ill.) the school of Air Force Technical Training. While attending this school he received instruction in the Aircraft Electrical Specialist Course and in various technical operations vital to the maintenance of the country's fighting planes.

At a long meeting of the general administration committee on Friday Lincoln County council on Friday evening, agreements with the city of St. Catharines on payment of insurance and administration of justice accounts were reviewed. A conference with city officials will be arranged to draw up new agreements to replace those which have expired. The committee increases in commend to council increases in some salaries of officials at the county jail. Repairs to the furnace and blower of the jail were also approved.

County Council meets on Tuesday next.

Haying over the Mountain is in full swing.

Water Commission meets next Tuesday night.

Dunnville Chronicle has entered upon its 48th year of publication under the guidance of W. A. "Old Bill" Fry. Congratulations.

On Saturday, July 17th, a Tag Day will be held in Grimsby in aid of the Salvation Army. Give your mite. The Army is doing a good work, both at home and with the armed forces overseas.

Warden Chas. W. Durham reports that all fruit and grain crops at the Lincoln County Home are in excellent shape and very bountiful. The peach crop is so heavy that it is being thinned intensively.

The Dominion Bureau of Statistics said last week that Canadian production of creamery butter in June totalled 46,623,894 pounds compared with 41,443,725 pounds in the corresponding month of 1942, an increase of 12.5 per cent. Cheese production was 26,880,892 pounds against 32,691,395 pounds.

A prominent figure missing at the Progressive-Conservative Convention, in Beamsville, last night, was that of ex-Mayor Robert H. Lewis, of Grimsby. Ill health forced his absence. It was the first convention of the Grand Old Tory Party that "Bobby" has missed in three score years.

Mr. and Mrs. William Aldrick, Grimsby, received word from R.C.-A.F. headquarters, Ottawa, advising them that their son, Sergeant Robert Aldrick, shot down over enemy territory and taken prisoner in the early days of the war, had been promoted to the rank of flight-sergeant, effective December, 1941.

Two applications for old age pensions were recommended after being discussed last Thursday night at the monthly meeting of the Lincoln County Pensions Board at the County Building. Two applications for Old Age Pension were not recommended, and one was laid over until the next meeting for further consideration. The only application for Mothers' Allowance was not recommended.

An argument between neighbouring farm women in Gainsboro township, during which one woman is said to have been severely bitten, is to be aired in magistrate's court at St. Catharines on July 15. A charge of common assault has been laid against Mrs. Tony Wasmick, the complainant being Jania Roper. Mrs. Roper's daughter, Irene Roper, police said, is also alleged to have been assaulted.

Births in St. Catharines during June average three a day, vital statistics from the city clerk's department show. There were 91 during the month, 65 of which were resident births. Dan Cupid was not as busy, though, as in former June—traditional month of brides—marriages numbering 49 compared to 56 in June, 1942, and 68 in 1941. There was a total of 30 deaths during June, 22 of which were residents.

"Commandos Strike At Dawn"

Paul Muni, Lillian Gish
"Fox Movietone News"
"King Midas J."

A farmette working at the farm of Jan Smith, Beach Road last week picked 40 baskets of cherries day, on two consecutive days. Beatt.

Mrs. Bert Simms, North Grimsby, was in receipt this week, from the Department of National Defence, of the Leg Service Medal (Lincoln and West Regt.) of her brother Corp. Alfred Konkle, R.C.-O.C. overseas.

While figures are incomplete it is known definitely that 100 month there were more than 12,000 weddings in Ontario, an all time high record even for June. A year ago there were only 15,000 weddings in June in the whole Dominion.

Grimsby Red Cross

The following substantial shipment that went forward to Red Cross Headquarters in June is ample proof that there is little let-down of effort among Grimsby and district workers.

For British Civilians: 55 blouses, sizes 40 to 42; 42 night gowns; 4 large quilts; 1 small throw; 7 pr. children's felt slippers; 18 boys' shorts; 4 boys caps; 8 pr. mitts; 1 boy's sweater; 1 girl's sweater; 11 layette articles.

For the Navy: 26 aero caps; 31 pr. stockings, 18"; 15 pr. socks; 9 pr. stockings, 26"; 5 turtle neck sweaters; 13 pr. mitts.

Army and Air-force articles are being held pending advice from headquarters owing to a shortage there of the type of box needed for overseas shipment of comforts for the armed services.

There is always a demand for well-made quilts, which will be needed for a long time to come by the bombed localities in Britain. Here is a fine opportunity to get your summer guests busy sewing blocks. When enough blocks are finished for one or more quilts, call in your Red Cross group for a quilting party. Your packers would like to include several quilts in every shipment.

Mrs. Frank Woolverton, 13 Mountain street, is taking charge of the sewing in the south ward for the summer.

In an appeal received from Mrs. Arthur W. Ellis, President, Ontario Division, all local Red Cross workers who are in a position to do so are urged to go on farms or in canning factories for part of the summer, adding this service to their war work.

In a letter sent out by A. MacLaren, Director Ontario Farm Service Force, he has this to say: "If everyone who can help on the farm, in the garden, or in the canning factory does his or her utmost, if everything is done that can be done, we will still face a serious food shortage. So we make this most urgent appeal for your co-operation, so that all may do what they can to help harvest and preserve our food supply."

Bowling League Had Good Season

The following is the financial statement of the Grimsby Five-Pin Bowling League:

Receipts	
Balance from 1941-2	\$ 7.65
First Series	35.50
Second Series	47.00
Third Series	48.00
Paid by four team who were not in league for first series (for banquet)	11.50
Total	\$149.65
Disbursements	
Advt. re Kanmacher's opening	\$ 5.00
Coles' Florists	2.50
Bowling League Banquet	112.50
Cigarette Fund	35.85
Total	\$155.85
Turkey Roll	
47 Bowlers, 6 15c ea.	\$7.05
Prizes: 2 chickens, 1 turkey and 1 goose	\$11.75
J. L. Dunham, W. Lawson, Auditors.	

ONTARIO SCOUTS PLANT TREES

Twenty-five thousand trees are to be planted by Scouts, Ont. Boy Scouts on the 40 of the new two million dollar conservation dam, under the direction of the Ontario Department of Lands and Forests.

TAKE NOTICE

To The Fruit Growers:

We are in the market for a full line of fruit of all kinds for canning and jam purposes. Good prices for small or large quantities. Peaches, Plums and Pears; Cherries, white, black and Montmorency; Gooseberries; Red Currants; Black Currants; and Raspberries of any kind. Anyone interested may telephone 44, write P.O. Box 536 or call at our office Robinson St., North.

Continuations From Page One

NEW RATION BOOK

Should any other commodity be rationed before the meat coupons in the No. 2 book are used up, then the Spare "B" and "C" coupons in book 2 will be used.

In order to secure the No. 3 book the form card in the back of the No. 2 book has to be filled in and signed and turned in for the new book.

A large staff of volunteer workers will again be required for the registering and issuing of the No. 3 book and full information as to places of issue etc., will be published in later issues of this paper.

FACES TRIAL

The note was payment for the balance. Mrs. Metcalfe, questioned by Crown Attorney E. H. Lancaster, K.C., could not say whether she had signed the note, but Palmer was emphatic in that he did not sign the note.

A. Payne, Beamsville, handwriting expert of 50 years' experience testified that both signatures to the note were forgeries. He said that the body of the note was written by Cuffe, but that neither of the signatures had been written by Cuffe.

Cuffe had been arrested following an investigation by Cpl. C. W. Wood of the Provincial Police.

SIR HARRY OAKES

and even the kiddies, have very fond memories of the pleasant times spent at Oak Hall, Niagara Falls, and of the many good deeds that "Harry" did for the veterans

of the Falls and for the men of the L. & W. Regt. I feel that I have lost a very, very dear friend.

"When a man meets another man," continued the Colonel, "who he has not seen in several years and asks about the children of the family, calling them by name, I feel that man has a real interest in that family. That was Harry Oakes."

Similar sentiment was expressed by Postmaster L. A. and Mrs. Bromley, who also had intimate friendship with the Oakes family.

NEAR FATALITY

for help. Hearing their cries Constable Stuart, home on leave from the west and walking in the vicinity at the time immediately commenced artificial respiration.

Two nursing sisters, Lieuts. Molly Lucas and Catherine Beaton, on furlough from the east coast, arrived a few minutes later and assisted. Both expressed the opinion that Constable Stuart had saved the woman's life.

While in serious condition, she had regained consciousness on the arrival of Drs. A. F. McIntyre and B. T. Rogers. She was removed to the home of Mrs. Robert Parker, opposite which the near fatality occurred.

ARCHIE HAINES

Harry C. Nixon, making his first public appearance in Lincoln County since he was chosen to head the government of Ontario and the Liberal party. The premier was warmly and enthusiastically wel-

comed by the large audience.

Mr. Haines was nominated by Senator J. Joseph Bench, St. Catharines, and seconded by Beamer, Gainsboro township. Robt. Book, Smithville, nominated Mr. Sheppard, and Col. W. H. Anger, Niagara-on-the-Lake, seconded the nomination. Scrutineers of the delegates' ballots were the five zone vice-presidents of the county association.

Hon. Eric Cross, attorney-general of Ontario, did not attend the meeting as previously announced.

ADVOCATES EARLY

E. J. Muir, secretary, read the following report re Blossom Time Musical Festival: Receipts, \$251.25; expenses, \$151.05; net proceeds, \$100.20. The balance on hand from last year together with bank interest amounted to \$41.94, making a total of \$142.14. Of this amount, \$72 was given to Grimsby Public School, \$32 to Park School and \$16 to Hagar's School, leaving a present balance in the of \$22.14.

T. L. Dym, vice-chairman, who presided, stated that an August meeting of the board should be held to discuss the possibility of having the high school reopen at the first of September this year instead of October as last year. Scarcity of peaches, he believed, would lessen the need for pupil assistance on the farms.

BLOOD DONORS

It is expected that at least 40 donors from Smithville and some from Beamsville will be on hand. The balance of the 125 to be made up from Grimsby.

Persons who wish to donate blood should get in contact with Wm. Hewson, K. C. Baxter, Harold Matchett, R. C. Bourne or Erwin Phelps. Their blood is urgently needed now that the big invasion has started as more and more blood will be used overseas.

All you have to do is call one of the committee and signify your willingness to donate blood and then you will be notified by postal card what time you are to report at the clinic. All registering and other recording in connection with the donation will be made at the clinic.

PROSECUTIONS

would be laid if the disorderly conduct did not cease.

Council concurred with the Mayor and steps will immediately be taken to curb this boozing and profane language on the streets.

Mayor Johnson reported that a diver had been at work at the pump house, at the lake, this week checking up on the intake and pipe line, to see if the trouble that had been experienced all spring could be located. The pipe line, eight hundred feet out in the lake from the shore line was found to be in good shape so far as the diver could find. He did find that one section of the steel grating over the intake, out in the lake, had loosened from its chain clamps and shifted and this would undoubtedly allow the stones, sticks, moss, etc. that was flowing into the pipe line. The grating was clamped into position and no more trouble is anticipated.

Joint Fire Committee accounts for \$72.36 were passed.

Relief accounts for \$46.29 were passed.

Mayor Johnson reported that the Canada Coach Lines had agreed to have all buses that turn around in Grimsby, to go round a block to do so, instead of backing up at street intersections. Also when a new time table is drawn up changes will be made in so that the east and west bound buses will not meet on Main street which condition has caused a lot of traffic congestion in the past. Corp. C. W. Woods, Provincial Police, was an intermediary in securing this arrangement.

A secretary for the Local Rationing Board has been hired to handle all the work of the Board at \$18 per week, payment to be made by the seven interested municipalities at \$6 a piece, per month, and the government the balance of \$18 per month.

Mayor Johnson was instructed by Council to proclaim Monday, August 2nd as Civic Holiday.

The garbage dump at the lake has been covered with cinders, supplied by Grimsby Stove and Furnace Co. and an excellent job has been made of it.

A lot on Nelles Boulevard was sold to Stanley Blackwood.

Mayor Johnson reported that all materials to be used in the construction of the new E.D.H. factory on Elizabeth street had been purchased and also all materials to be used in the building of the two new houses on the Anderson property.

Council passed a by-law selling a further 50 ft. of land on Elizabeth street to E.D.H. Company.

Chief Turner's report for June showed one court case; one fatality; 23 complaints investigated; three car accidents; one stolen car recovered; one stolen bicycle recovered; two dogs found running at large, turned over to Humane Officer, with two other dogs and seven cats; three transients; dog tax collected, \$15.00.

Taxes collected in June this year hit a low ebb, only \$560.44 finding its way to the town coffers. Collections for the six months of the year ending June 30th total \$35,601.03.

General accounts to the amount of \$4,065.85 were passed. The larger portion of this amount is only a bookkeeping item, being a transfer to another account.

Council agreed to sell H. V. Betzner a building lot on Livingston Ave. under the regular plan now in practice.

The letter of thanks from the Mayor of Grimsby, Eng. to Mayor Johnson, which appeared in last week's Independent was read to council by His Honor who stated he had replied to it and had drawn attention of the Old County Mayor to the fact that it was the I.O.D.E. and residents of North Grimsby that really deserved the thanks, as it was their idea and they did most of the entertaining.

With transportation like it is, one has to be careful when he even expresses an opinion

Seed potatoes which were rushed to the rescue of growers in the flooded Ohio Valley, will be returned pound for pound in new potatoes from the early-growing area of the U.S. Delivery of the new "spuds" has been promised before July 12. The floods washed out the newly planted crops all along the unruly Ohio River. Canada answered the resulting S.O.S. with about 10,000 bags of seed.

OLD CHUM

CUT FINE FOR CIGARETTES

STATEMENT OF POLICY

(Reprinted From St. Catharines Standard)

"Moral fortitude in public life is an asset which Lincoln can ill afford to dispense with."

This was the editorial opinion of The Standard as expressed on August 21st, 1941, made in reference to Mr. Archie Haines on the day following his resignation as member of the Ontario Legislature for Lincoln County, and the same opinion is held today as Lincoln faces an election.

Mr. Haines, it is recalled, resigned his seat in the Provincial Legislature on August 20th, 1941, because the Ontario Liquor Control Board granted a license to the Queensway Hotel, in direct opposition to the expressed wishes of the St. Catharines City Council and in violation of the promises of the Chief Liquor Commissioner of the Liquor Control Board.

The major issue at that time was whether or not a government could ignore and flout the expressed wishes of the people and their elected representative. True, the government has twice changed leaders since Mr. Haines sat in Queen's Park, but the issue remains unchanged, high moral standards in government business.

The Standard, which had fought against the additional hotel authority being issued, supported Mr. Haines in his stand, and in an editorial on August 21st, said in part:

The resignation of Mr. Haines was something more than an exposure. It was on the home political front, a reaffirmation of the sanctity of the pledged word and probity in public life. As such it will be regarded by the great majority of Lincoln County people as something reassuring in these times, when the civilized world itself is fighting for the return once again of the sanctity of treaties, a rule of law and not a rule by the whim and whim of men. Just as the world has been plunged into horror, savagery and chaos, because solemnly sworn commitments have been torn up overnight, and the law of the jungle and gangster has been invoked, so does the insidious effect reach public life in this province when the pledge of men high in the conduct of affairs becomes a mere scrap of paper. That is the history of the resignation of Mr. Haines. That is the story behind the story.

But a man of the probity and good conscience of Archie Haines will have, when an election comes, the support of thousands of people of all parties and it is highly desirable that Mr. Haines see this thing through to a real decision. As an independent Liberal opposed by either the Machine or Toll Gate, would there be any doubt by the result of the vote in Lincoln County? Moral fortitude in public life is an asset which Lincoln can ill afford to dispense with and Archie Haines has shown just that. He has defied the party whip and the lash, and by so doing enhanced the respect in which his neighbors have always held him, which was a factor in the first place, along with confidence in his attitude, which gave him the honor of election for the County in 1937.

This episode is a record mere party consideration. It involves no principles. Archie Haines has the support of the great majority of leading Liberals in the riding, men who deplore seeing their banner and principles

dragged through the mire. And Mr. Haines will, without doubt, demand the support of an over-whelming body of Conservatives and independent voters who regard integrity in public life as an essential of decent government and administration.

It was expected that a by-election would be held in Lincoln at which Mr. Haines would be sustained by the electorate, but no such opportunity was provided by the government. Today Mr. Haines is the accredited nominee for Lincoln, of the Liberal party, and will face the electorate on his record, a record greatly enhanced by his action in resigning from the Hepburn government on a matter of principle.

"It is highly desirable that Mr. Haines sees this thing through to a real decision," declared The Standard, editorially, on that occasion, and we now reaffirm that position. This is the first opportunity which Mr. Haines has had of facing the public since his resignation, and while he is running as a straight Liberal on a Liberal platform, The Standard feels that Mr. Haines should receive support from all parties, as a man of high ideals and integrity.

Although traditionally Conservative, The Standard, since 1920, when it became the only paper in St. Catharines, has maintained an independent editorial policy. "Independent" does not mean "neutral" and The Standard has endeavored to interpret the news and events as they occur, honestly and fearlessly, giving credit when credit is due and criticising where necessary. It is affiliated with no political party.

It is pointed out that The Standard, in supporting Haines, is backing the man and not the party. Mr. Haines has shown himself a strong individualist, one who is willing to resign his seat, if necessary, to show disfavor with government action. Mr. Haines is a man who can be trusted with the representation of the affairs of Lincoln County, regardless of the party in power, and as such this paper strongly endorses his election.

In view of the fact that The Standard will give its wholehearted support to Mr. Haines, during the coming campaign there will be no editorial comment relative to the Lincoln government. The Standard cannot support the platform of the Nixon government but believes that it is only fair to make no attack upon the government or its platform while supporting, as an individual, a man who, if elected, will be affiliated with that government.

The record of Archie Haines will be duly presented to the electorate during the coming campaign. The Standard urges every resident of Lincoln to earnestly consider that record, and to cast a ballot on election day for a man who believes that government business and high moral standards can go hand in hand.

SOLDIER of the SOIL

THIS year the Canadian Farmer urgently needs help. He needs your help to produce the food so necessary for victory. Many thousands of farmers are serving in the Forces, so that the farmer—the Soldier of the Soil—is short-handed, but short-handed as he is, he is called upon to produce more food than ever before. Food is one of the most powerful weapons of war. Grains, bacon, dairy products, eggs, beef, fruit, vegetables—FOOD to feed our armies, our allies and our people we must have.

WHAT CAN YOU DO?

You may be a school teacher, student, business or professional man, an office or store clerk—no matter what you are, if you have a few hours, days, weeks, or months of free time this summer, you can do your part for the farmer and the country. You may be service by helping out on the farm. You will find inexperienced, but you still can help. You will find work on the farm healthy and congenial. It will give you the satisfaction of feeling that you have brought Victory nearer.

What you should do NOW!

Consult any special local committee or office established to deal with farm labour placements in your city or town; or Write the Director of the Dominion-Provincial Farm Labour Program at the Capital of your province; or Get in touch with your nearest Employment and Selective Service Office.

Lincoln Liberal Association

Bus Travel May Be Rationed

Saturation Point is Almost Reached — Estimated Canada Coach Lines Buses Will Carry Eight Million Passengers This Year.

Estimating that 8,000,000 passengers will be carried on the buses of the Canada Coach Lines this year, an increase of 2,000,000 over 1942, C. J. Gravelle, general manager of the company and member of the advisory committee to the transit controller, predicted today that "there may be some form of travel rationing unless there is the greatest measure of co-operation on the part of the public."

"We are bound to reach the saturation point and that could mean travel rationing which will be most difficult to work out," he said. "Rationing travel is not like rationing food — some would not need any units, so to allow the same number to all would obviously be unfair."

Both Mr. Gravelle and the traffic manager of the company, Lindsay Mercer, praised the travelling public for the co-operation that has been given so far in regard to starting holidays in the middle of the week, leaving week-end transportation free for the armed forces, and using the buses between the hours of nine and four during the day.

"The public has greatly assisted us," Mr. Gravelle said. "All that has to be remembered is that the members of the armed forces and war workers who live outside the city have the priority. It is still possible to go anywhere without any inconvenience if these facts are considered."

They indicated that 1943 will see most of the company's records topped easily. Saturday, June 12, saw the greatest number of passengers on Canada Coach Lines buses in the history of the company—33,500.

While the number of passengers being carried has increased sharply over last year, there has been no great increase in the number of miles travelled by the buses. "More people are using the system, but they are travelling shorter distances," Mr. Mercer said.

In May of this year 660,000 passengers were carried, as compared with 480,000 in May, 1942, while the increase in miles travelled was 60,000.

It was pointed out that servicemen and women, from 20 military establishments within bus travel distance of Hamilton, pass through that terminal with the peak coming Sunday nights.

Scarcity of labour, parts and the heavy strain on the 100 coaches of the company add to the problem, with vehicles tied up for weeks for repairs.

TOOTH PASTE TUBES YIELD 15 TONS TIN

More than 13 tons of shaving cream and tooth paste tubes were shipped to Canadian smelters during May for a total yield of 3,061 pounds of tin, it is announced by the Wartime Prices and Trade Board. The Board urged strict adherence to its regulation requiring surrender of a used tube for every purchase of a new one. Corvettes, torpedo boats and ships cannot be made without tin, it was pointed out.

Continuations From Page One

TOWNSHIP ARREARS

Road Superintendent Thomas Mackie reported that work on clearing the slide on the Woolverton Mountain roadway had been held up, as he had been unable to obtain the Lincoln county steam shovel. He expected to have the shovel and a gang on the job by the end of this week.

Reeve Durham reported that Lions Club were removing the recently erected bathing houses, at the foot of Nelles Road, to the shore at Grimsby Beach. The steps leading from the bank to the water edge would be left by the Club for the use of the public.

Road expenditures in the township for the six months' period ending June 30th, total \$4,059.34. Of this amount the township will not receive government subsidy on \$180.95.

Moved by Mitchell, seconded by Nelles, that the clerk notify Mr. Thos. Phillips that he is requested to clean out the ditch between his property and that of Mrs. Biggar as soon as possible.—Carried.

Water rates in the West End of the township for 1943 will be \$12 per year per service. This is an increase of \$2 a year.

All fire hydrants in the township were flushed last week.

Relief accounts for June were \$10.07.

During the past school term Trust Officer George Mould made 13 visits to township schools; issued seven home permits and three employment permits.

June water consumption in east end was 782,000 gals; west end, 229,000 gals.

Joint Fire Committee accounts for June amounted to \$43.12.

Nine new water connections have been made in the township this spring. Three in the east end and six in the west end.

Picture shows: R.A.F. fitters, mechanics and armours preparing a "Bisley" light bomber for a raid on one of the Axis supply-bases in North Africa. U.S., French and British aircraft co-operated, often under adverse conditions, to drive the enemy from Tunisia, the last bridge-head in North Africa.

The Constructive Platform of the PROGRESSIVE CONSERVATIVE PARTY

IN THE PROVINCE OF ONTARIO

Approved in General Meeting at Toronto, July 3, 1943

ON July 3rd, an all day organization meeting of Progressive Conservative Party candidates and officials from all over the Province, held at the Royal York Hotel, listened with rising enthusiasm to a highly constructive and inspiring address from the Provincial Leader, George Drew.

Mr. Drew presented a series of pledges to the people of the Province—each one of which was unanimously applauded. The pledges, twenty-two in number, constitute the platform upon which the Progressive Conservative Party enters the general election.

It was that programme which the Leader announced to the public in his radio address last Thursday night. Mr. Drew said:

"The programme which the Progressive Conservative Party in Ontario undertakes to put into effect is based upon the conviction that under a strong government the vast resources and producing capacity of this Province can assure employment and good wages for all who will work and security for those who find themselves unable to work because of sickness, unemployment, physical disability or old age. It is based upon the belief that the spiritual and material welfare of our people, now and in the future, can be best assured under British democratic institutions and within the British partnership.

The Progressive Conservative Party undertakes to put the following programme into effect in the Province of Ontario.

Twenty-two Point Programme

1. We will maintain British institutions and strengthen the British partnership by every means within the constitutional power of the Government of Ontario.

2. We will at all times work in effective co-operation with the Dominion Government and with all other governing bodies in Canada in all activities which will assist in the prosecution of the war to a successful conclusion, and in establishing a sound basis of social security, health insurance and protection in their old age for all our people. At the same time we will insist that the constitutional rights of the people of Ontario be preserved, and that the Government of Ontario exercise full control of its own Provincial affairs.

3. The farms, the factories, the mines, the forests, and personal services which constitute the five major groups of employment will be supported by appropriate legislation in their efforts to increase employment at good wages. In every field of employment individual initiative will be encouraged and hard work rewarded by reducing taxes and removing bureaucratic restrictions.

4. Farming will be organized in every county under a committee of outstanding farmers who will be given authority to plan production and regulate its processing and distribution of their output. Cheese boards, creameries, milk distributors, central processing plants, and other marketing organizations will be under the supervision of outstanding farmers in each line of production.

5. Stock yards will be taken over by the Government and operated as a publicly owned enterprise so that speculation and manipulation may be stopped and fair prices assured.

6. A conference will be called immediately of leading farmers from the whole Province to assist in drafting effective plans for the organization of food production.

7. Legislation will be introduced giving the workers and employers of this Province the fairest and most advanced laws governing labor relations, following an inquiry to be undertaken immediately by a committee of at least 15 members to be known as the Ontario Labor Relations Committee, upon which there will be equal representation of labor, employer, and the general public. Recognizing at the outset the right to proper and enforceable legislation regarding collective bargaining, this committee will be asked to examine the laws dealing with labor relations in other countries and draft legislation for Ontario which will establish that Ontario is an area which will establish that

basic of justice, co-operation and responsibility which is so necessary for the welfare and security of all our people.

8. The mining industry will be assisted in every way possible and placed under the direction of a Minister who will be a more equitable distribution of the tax between the different taxing bodies. A larger share of the taxes will go to the Provincial and Municipal treasuries. All restrictive measures which deny prospectors and others the opportunity to find and develop new mining properties will be repealed and mining prospectors will be given to geologists and prospectors to discover new mineral areas. Every practical measure possible will be adopted to expand this great basic industry so that it may offer the widest opportunities for employment when our armed forces are demobilized.

LONG-TERM FOREST POLICY

9. Our vast forest resources, which under proper administration are capable of creating employment for hundreds of thousands of new workers, will be placed under the control of an Ontario Forest Resources Commission which will operate under long-term policies of conservation, reforestation and soil control. Immediately after its formation it will review all existing contracts and will cancel those which have disposed of great areas of forest resources without proper consideration.

10. An Ontario Housing Commission will be created to plan a great housing program throughout the whole Province for the purpose of creating employment in the period of readjustment and at the same time bring to an end the unsatisfactory housing conditions in many parts of Ontario.

SCHOOL TAXES TO BE CUT

11. There will be a sweeping reduction of our whole system of real estate taxation so that the owning and improvement of homes and farm land, which are the very foundation of our society, will not be discouraged by excessive taxation. As an immediate step in that direction the Provincial Government will reduce the tax on the value of the land at least 50 per cent of the assessed value and will also offer to the local school boards.

12. Our educational system will be completely revised so that every child in this Province will have an opportunity to be educated to the full extent of their mental capacity, no matter where they live or what

the financial circumstances of their parents may be. Vocational training will be made a much more important part of the school work, so that children may be prepared to earn a living by practical vocational instruction. The important place of our teachers in each community will be fully recognized.

13. Steps will be taken to assure that every child is given the greatest possible opportunity to face life with a healthy body and mind. Health measures will be established so that medical, dental and other health protection will be available to all.

14. Steps will be taken immediately to prepare plans for great public undertakings which will create employment in the period of readjustment immediately after the war.

TO REVAMP HYDRO

15. The Hydro-Electric Power Commission will be removed from political control. Recognizing that the publicly owned Hydro-Electric resources of this Province belong to all our people, there will be an immediate adjustment of the rates for electric energy upon a just and equitable basis. The service charge in rural areas will be removed. Power will be extended to farms with full recognition of the fact that farm production in war is hardly less essential to our success than the military effort.

16. Plans will be made for land reclamation throughout the Province, so that all areas which can be brought into production will be fully developed. These plans will be drafted immediately, but the actual development of most of the areas will be deferred so that they can be placed under the control of organizations in the period of readjustment. This will open wide opportunities for immediate employment when the war is over and will also offer to the organized groups in areas where their economic security can be assured.

17. Taxation will be reduced and efficiency of Government increased by the elimination of all Provincial departments and services which duplicate those of the Dominion Government and are not necessary for the purpose of preserving fundamental constitutional rights.

18. An efficient and permanent civil service system will immediately be put into effect which will protect civil servants from political dismissal or interference, thus increasing administrative efficiency and giving to all civil servants a greater sense of security and pride in their work.

19. All legislation will be repealed which denies any individual the right to defend his person and property before the courts.

OLD AGE PENSIONS

20. There will be an immediate increase in old age pensions and old age pensions in keeping with the increased cost of living. There will be an immediate repeal of the shameful provision that old people who have a home of their own, which they have established by their savings throughout long years, must dispose of that home before they will be granted the very limited allowances which they are entitled to receive. In future the old people who have played their part so well in making this great Province what it is today must not be forced to mortgage their homes before they can receive their small pensions.

21. Adequate supplies at reasonable prices of fuel, milk and other basic necessities will be assured by effective organization and administrative control. Representatives of labor, veteran organizations, and the consuming public will be appointed to all boards dealing with these matters.

22. Men and women who have served in the armed forces will be assured priority in the public service and protection in their employment.

23. During the war those who are in military service will be given legal protection against the economic consequences of their absence. In all cases where the ability of those in military service and their dependents to meet their financial obligations have been materially reduced by such service, effective legal protection will be given against seizure of property for arrears of taxes, foreclosure of instalment contracts, cancellation of life insurance policies up to \$10,000, judgments or other legal proceedings for debts incurred before the war, and other financial obligations. These provisions, however, will be subject to the express condition that those able to pay will not be permitted to evade their obligations by this device, and that just protection will be accorded to creditors under simple and effective procedure before the courts. This does not provide for cancellation of obligations, but merely determines with justice to all concerned.

SOCIAL SECURITY PLAN

24. A rehabilitation and social security commission will be appointed immediately with full authority to draft plans which will ensure social security for all our people, and to provide for the rehabilitation and employment of the members of our armed forces and munition workers after the war.

George Drew as I know him

By George W. James
Editor Canadian Statesman
Bowmanville, Ontario

An Ontario provincial election is to be held on August the fourth. A duty now falls upon the weekly press. That is to make known to readers and resident voters the issues involved. More than that, and equally important, is to make editors aware—the hardy, hard working, clear thinking, war conscious farm people of Ontario want to know something about those who lead the parties open to seek their support.

Issues and controversy, as the campaign heightens, will be dealt with in the press in due course. The time is now opportune to say something, without political bias, about qualities of leadership. Personal performance is a fair check of prospective performance.

Let us then introduce George Drew, leader of the Progressive Conservative Party of the Province of Ontario.

His political opponents have sought to picture George Drew as a swan about and visionary. Those of us who have come to know George as man to man, can deny that. He has vision, yes, indeed! Vision of profound and practical character. He has demonstrated that ever since he entered public life, and before, his exhaustive searching and stern insistence upon the facts of the situation have forced corrective results. Often they have sought to disparage and intimidate him. His complete fearlessness and devotion to truth have completely served all opponents who dare to oppose upon legitimate and proper issues.

George Drew is a first and foremost a Canadian, yet deep and strong and true for the British connection. He is a "warrior" in the truest sense of the word. His grandfather's first fight was at Confederation. George was an officer in the Guelph Battery at 20 years of age, enlisted at war's outbreak in 1914, spent several months in military hospitals, many months in military hospitals in his native city, Guelph, as an aide-de-camp and as a second lieutenant. His administrative experience began early and has continued through to his present position as member of the Provincial Parliament and leader of the Opposition. But he has gone far beyond that. Holding the view that public life demands the widest possible knowledge, George Drew has travelled throughout Canada, personally toured the British Isles during the present war, seeking and obtaining vital information affecting Canada and the future of the Empire.

Outstanding is the fact that while educationally a first and foremost a Canadian, yet deep and strong and true for the British connection. He is a "warrior" in the truest sense of the word. His grandfather's first fight was at Confederation. George was an officer in the Guelph Battery at 20 years of age, enlisted at war's outbreak in 1914, spent several months in military hospitals, many months in military hospitals in his native city, Guelph, as an aide-de-camp and as a second lieutenant. His administrative experience began early and has continued through to his present position as member of the Provincial Parliament and leader of the Opposition. But he has gone far beyond that. Holding the view that public life demands the widest possible knowledge, George Drew has travelled throughout Canada, personally toured the British Isles during the present war, seeking and obtaining vital information affecting Canada and the future of the Empire.

Lions Carnival Is Big Success

Municipal Grounds filled to overflowing—Games And Rides Were Jammed—Two Great Nights.

Bingo; Merry-go-Round-the-Mulberry-Bush! Hot Dogs! Ride The Ferris Wheel! Type-e-e!

Lions Club Carnival is over for another year. Wotta a pair of evenings of fun, money and people. The biggest show the Lions have ever staged.

Overflow crowds jammed the Municipal grounds both nights and the games and rides received a tremendous play.

The free entertainment provided each evening was of excellent character and well received by the crowd.

Winners of the prizes in the draw, were as follows:

Prize No. 1—Chesterfield Suite, Mrs. M. Blanchard, Grimsby Centre, ticket No. 147.

Prize No. 2—General Electric Radio, Mr. A. G. Clarke, Grimsby Beach, ticket No. 5063.

Prize No. 3—Prepaid Medical Service, Gilbert Wade, Grimsby, ticket No. 2242.

Prize No. 4—Imperial Rattan Furniture Set, Fred Price, Grimsby, ticket No. 3209.

Prize No. 5—Dinners at Village Inn, Mrs. P. E. Fairbank, Grimsby, ticket No. 6429.

Prize No. 6—\$25.00 Cash Order, Miss M. Watt, Grimsby, ticket No. 3741.

Prize No. 7—\$20.00 Cash Order, Mary T. Clare, Grimsby Beach, ticket No. 1628.

Prize No. 8—\$15.00 Cash Order, J. H. Hart, Galt, ticket No. 1298.

Prize No. 9—\$10.00 Cash Order, Fred Silversmith, Grimsby, ticket No. 6408.

Extra Prizes

Shopping Bag, A. M. Alton, ticket No. 720.

Shirt and Tie Set, Mrs. C. H. Walker, ticket No. 7068.

Waste Paper Basket, Mrs. J. B. Walters, ticket No. 6363.

Shopping Bag, Mrs. B. Swanson, Grimsby, ticket No. 1516.

Aspirin is obtainable only on order of a medical practitioner, in Nazi-dominated countries.

Continuations From Page One

MAYOR DALEY

The new candidate has been a member of St. Catharines city council for nine years, five of which he has served as Chief Magistrate, and in his acceptance speech stated that the reason for his long years in office was because "the people have had confidence in me." He also stated that "during my term of Mayor a spirit of co-operation has been built up between city and county officials that has not existed in 25 years."

His chief contender for the nomination, Romaine Ross, was born in Wellandport, Gainsboro township, being a son of James J. Ross, at one time member of the Ontario Legislature for the now almost forgotten constituency of Monk.

Mayor Lesson of Merriton was elected president of the Lincoln County Association and L. C. Forster, St. Catharines was re-elected secretary.

In the absence of Capt. Herman Rogers, overseas, President of the association, W. B. Rollason of St. Catharines acted as Chairman.

N. J. M. Lockhart, M.P., for Lincoln, in a few brief remarks severely criticized "the abominable proxy vote that has been put into force for your boys and mine." Going further he declared "the hand writing is on the wall in this election campaign and you will be fighting another election again before very long. For myself I stand four square behind the Empire. Surely in Lincoln county, if no place else in the country, British justice must prevail."

Capt. (Rev.) Norman Rawson of Hamilton was the main speaker of the evening and in his usual eloquent and convincing style kept his audience spellbound during all the time that the two separate ballots were being counted.

He drove home to his auditors the fact that "there is no old gang in control of the Conservative party tonight. The party is in the hands of the people, and the party is on the march—the march to victory. In Col. Geo. Drew we have a statesman and a leader. The old Conservative party is rejuvenated with new ideas and policies, but with the old progressive principles."

Gantham Council Refuse War Job

Chair Township Office Staff Is Now Overworked And Will Not be Responsible For Ration Book Issue.

Gantham Township council Monday night refused to assume responsibility for issuing ration books for the omnibus government.

At a meeting of St. Catharines and neighboring municipalities last week, the city proposed that each municipality assume this responsibility to take the load from the city which has been issuing the books and special rations to soldiers, etc.

"Rationing is a case of the war which touches every individual," noted Deputy-Reeve Cecil Secord.

"The government has not taken strong action with regard to issuing ration books, and I think the matter important enough for the government to set up an office with a paid staff to handle the work. It would be impossible for the staff in our township office to take this on; they've got all the work they can do at the present time."

Safeguarding War Information

The following taken from "The Gander", R.C.A.F. Station Magazine, Gander, Newfoundland, is an excellent example of how a soldier's letter can pass the censor and at the same time safeguard military information.

Date: Who Cares, Place: Ditto.

Greetings:

After leaving where we were before we left for here, not knowing we were coming here from there, we could not tell if we would arrive here or not. Nevertheless we are here and not there.

The weather here is just as it is at this season, but of course, quite unlike the weather where we were before we came here. After leaving by what we came by, we had a good trip.

The people here are just like they look but do not look like they were where we came from. From there to here is just as far as it is from here to there.

The way we came here is just like everyone comes from there to here. Of course we had to bring everything we had with us for we wear what we would wear here which is not like what we would wear there. The whole thing is quite a new experience here because it isn't like what it is like where we were before we left here.

It is now time, in all probability, to stop this somewhat newsy letter before I give away too much information as the censor here is likely to be a spy.

Love, Uno-Hoo

Ready Reference Coupon Table

Number of Coupons	A	B	C	D
1	1/4	1/2	3/4	1
2	1/2	1	3/2	2
3	3/4	1 1/4	2 1/4	3

9	2 1/4	2 3/4	3 3/4	9
10	2 1/2	3	4	10

The table above shows how much meat (in pounds) will be sold for from 1 to 10 coupons in any of the four coupon groups.

A customer may buy less than a full coupon's worth of any meat, and take the rest of the coupon value in meat from the same or any other coupon group.

WAR DECLARED ON BLACKETEERS

Montreal reports have declared war on black market traders. In handing out a sentence of \$1,000 fine or six months in jail to Hyman "over for breach of potato regulations," recently, Judge Rene Thibierge stated: "The court in future will be pitiless toward those who are found trading in what is termed black market... carrying on transactions which may result in certain cases, in depriving poor families of essential food." Corvet was convicted of falsifying his books concerning an illegal transaction involving potatoes and selling potatoes at higher than the minimum price.

With the movie stars out selling war bonds many of them are becoming star salesmen.

Commercial Prize—J. C. Pettit, History Award—Merl Betzner, Mathematics Prize—Paul Morgan.

Raspberry Prices Have Been Set

Minimum prices for raspberries for jam were set Thursday by the Farm Products Control Board, Ontario Department of Agriculture.

Minimum price for red raspberries will be 12 1/2 cents a pint; purple raspberries, 9 cents a pint, both delivered to the jam factory. The prices do not apply to raspberries which are to be canned. The prices must now be approved by the Wartime Prices and Trade Board.

The minimum price for red raspberries is based upon the average price paid in 1942 plus a Dominion government subsidy of three cents a pound to enable jam manufacturers to secure adequate supplies on the open market.

In addition to assuming a large pack of raspberry jam this year, the government's subsidy is designed to encourage the growing of more raspberries which have been falling off in acreage for several years.

Soldier Gets A Baby's Layette

"Tain't cricket," complains the Post Office Department in its weekly bulletin, following the discovery of "unusual" articles being sent to soldiers overseas, including lady's stockings, powder puffs, cosmetics, nail polish, children's dresses... "and even a complete layette for an infant."

Civilians who forward such articles are not only beating regular mail rates, but are committing "unpatriotic and foolish acts," says the bulletin.

Senders are warned that the reduced postal rates and duty-free entry into Britain apply only to bona fide gifts for the soldiers' personal use—not layettes.

All this started as a result of discoveries made by the Canadian Postal Corps while repacking parcels damaged while en route overseas.

Many cities in Great Britain, among them Birmingham, Coventry, York and London, are already planning for post-war buildings. "Planning" is the right word, for no longer are soldiers allowed to build haphazardly. The rebuilding of the cities is being controlled, and York, for example, is trying to determine in advance whether to plan for a population of 50,000, 100,000 or 150,000.
